ABOUT ME

I'm a 2nd-year B.Tech Computer Science student with a growing passion for web development. I've built a solid foundation in HTML, CSS, and JavaScript, and I enjoy creating clean websites. I also use Canva to design simple, eye-catching interfaces. I'm always eager to learn new things, take on real-world projects, and improve my skills through hands-on experience. I'm looking for opportunities where I can grow and contribute to meaningful work.
I am also solving DSA problems as well as I am learning CLOUD FUNDAMENTALS.

EDUCATION

2024-Present
ARKA JAIN UNIVERSITY

BTECH CSE AI & DS (IBM)
CGPA : 9.04 (First Year)

2023-2024
SRI KRISHNA PUBLIC SCHOOL

INTERMEDIATE (ICSE)
Percentage : 79.6%

2021-2022
SRI KRISHNA PUBLIC SCHOOL

MATRICULATION (ICSE)
Percentage : 87%

SKILLS

- HTML & CSS
- JAVASCRIPT
- GITHUB
- DSA
- JAVA
- C++
- PYTHON
- SQL

PROJECTS

AMAZON CLONE
I have created a clone of the Amazon homepage using HTML, CSS. The design replicates the layout of the original site, including the header with navigation, search bar, product banners, and product categories. This project helped me understand real-world UI structuring.

PORTFOLIO
I designed and built a personal portfolio website. It includes sections like About Me, Skills, Projects, and Contact. This project helped me to showcase my work and apply web design concepts like layout and styling.

ACHIEVEMENTS

SMART INDIA HACKATHON
Participated in Smart India Hackathon (SIH) internal round and was selected by my college team to represent for the SIH.

HACK HORIZON
Participated in Hack Horizon, a hackathon conducted by my college, where I worked with a team to build creative solutions of real life problem which enhanced my problem-solving, teamwork, and coding skills while giving me hands-on exposure to real-world challenges.
